

Cherrybrook Blinds & Shutters

ABN: 83056904091

Reasons why customers are choosing "PLANTATION" SHUTTERS" over other window products.

- Timeless, streamlined, stylish & sophisticated elegance !
- Ease of operation, cleaning & maintenance. (dust free finish).
- Ventilation, control of airflow, privacy, insulation & security.

- Natural Sunlight, adjustable bright light (essential for fine motor skill work).
- Un-interrupted VIEWS with clearview aerofoil blades (dual directional).
- Aesthetically pleasing & synonymous with luxury and good taste.
- Natural inherent strength makes it the favourite for longevity.

- Multiple fitting options e.g., hinged (incl. pivot), legno pin, bi-fold or sliding.
- Multiple splitting options, offering separate independent closures.
Lower section maybe closed to protect floor coverings, furniture & offer privacy,
Whilst uppers e.g, left open, e.g. allowing sunlight, moonlight or breeze.
- NO light penetration thru cord slots of e.g. blinds & Not noisy in breeze.

- Low maintenance (only minutes to vacuum, dust or wipe down).
- Allergy free (great for Asthmatics). Shutters do not retain dust e.g. curtains.
- Excellent insulating qualities - energy rating certified. Reduces transfer of heat.
(25 mm of cedar is equivalent to approx. 100 mm thick brick/masonry wall.

- GOOD INVESTMENT. Avail in traditional, contemporary, internal & external
- High quality workmanship (non-corrosive components, mortice & tenoned joints),
- Superior paintwork - Satin auto acrylics (lead-free & UV protective) including Polyuretheses. A tin of touch up paint provided (Open range).
